SILVERTON VETS

At **Silverton Vets** we want to make preventative health care easy and affordable, to help you give your pets the best care possible. We believe that prevention is better than cure, rather than waiting until a pet is ill and suffering to put things right. Early diagnosis of health problems will help your pet to live a long and healthy life.

Our **Healthcare Plan** is not pet insurance. It covers the essential treatments your pet needs throughout life, such as vaccinations, flea and worm treatments and regular health checks. Extra benefits of the plan include discounts on many other products and services at the practice.

Read on for more information, or speak to one of our team today to find out more about our plan.
